Introduction of HKTA

The Hong Kong Trustees' Association Limited (HKTA) was established in 1991 by pioneers in the trust and fiduciary services sectors. Today, it serves as a leading professional body for Hong Kong's trust and fiduciary industry, specialising in legislative advocacy and educational initiatives.

OUR MISSION

- Advance the trust and fiduciary industry by promoting the highest standards of professionalism, robust corporate governance and rigorous regulatory compliance;
- Contribute towards advancing the status of Hong Kong trust professionals and that of the industry internationally;
- Advocate for the trust and fiduciary industry with government bodies, the media, local and international professional organisations and the public. Promoting Hong Kong as a premier global hub for trust and fiduciary services, highlighting its expertise and capabilities in this sector;
- Promote the highest standards for the industry by the issuance of Best Practice Guides applicable to corporate trusts, pension schemes, private trusts/ family offices and charitable trusts;
- Contribute towards enhancing the education and knowledge of practitioners in the trust industry through relevant trust accreditation and training programmes;
- Contribute towards enhancing public education on trust fraud awareness and prevention.

Shining a Spotlight on the Thriving Future of Trust and Fiduciary Industry

THE TRUST INDUSTRY NAVIGATES A RAPIDLY EVOLVING GLOBAL LANDSCAPE, IT IS POISED FOR SUBSTANTIAL GROWTH AND TRANSFORMATION.

According to our Hong Kong Trust Industry Spotlight 2025, jointly published with KPMG, Hong Kong's trust market grew by 10% from 2021 to 2023, with HK\$5,188 billion (US\$667 billion) of assets held under trusts at the end of 2023, compared with HK\$4,719 billion (US\$606 billion) when the previous HKTA-KPMG report was issued in 2021.

Market growth is driven by heightened regulatory compliance, the increasing wealth of high-net-worth individuals and families, especially in emerging markets across Asia, family office developments, expanding intergenerational transfer of wealth and the increasing popularity of alternative investments, such as virtual assets leading to a rising demand for professional fiduciary services.

With immense opportunities and a complex financial landscape to navigate, its future is promising and prosperous, making this field a dynamic and rewarding career choice.

Route 1 – Trust Training Certificate

OVERVIEW

The Trust Training Certificate (“TTC”) course was developed by the HKTA in conjunction with the Hong Kong Securities and Investment Institute to bridge the knowledge gap launched in 2018. It is the first trust training course in Hong Kong with comprehensive coverage of topics including trust set up and administration, compliance, estate planning, family office, collective investment schemes and retirement schemes (MPF/ORSO) and comparison of HK with other trust jurisdictions. Traditionally trust experience is gained by on-the-job training, there is a demand for more formal and practical education in light of increasing regulation and the need for consistency. Training needs to be broad-based because of different trust types and broad applications.

“

The TTC program let me join a new world in financial industry which may be a bit vague to me in the past. The content is very useful for an novice.

Route 2 - Experienced Practitioner Exemption

The HKTA recognizes that there are many experienced practitioners in the trust industry in Hong Kong.

We understand that they do not wish to sit through 42 hours of lectures and take examinations on subjects on which they are already well versed, but would like to receive the CTP designation. HKTA has therefore made available an Experienced Practitioner Exemption (“EPE”). Industry participants qualifying under the EPE will be awarded the CTP designation. The CTP designation given under the EPE route will apply continuously, provided certain criteria (as set out below) are met by the CTP holder.

Requirement 1

You need to have “relevant hands-on experience” in the trust industry.

“Relevant” experience may include experience in one or more of: private trusts, commercial trusts, unit trusts, corporate/bond trusts, pre IPO trusts, employee benefit /share trusts, retirement scheme trusts, or acting as trustee.

“Hands-on” experience means that you are currently, or have, not longer than 3 years ago, been actively engaged in the management, supervision, structuring, establishment and/or ongoing administration of the trusts mentioned above and /or acting as trustee thereto.

Requirement 2

You will also need to satisfy one of the following conditions regarding your length of experience:

1

You will need at least 10 years of relevant hands-on experience in Hong Kong; or

2

At least 10 years of overall relevant hands-on trust industry experience across other jurisdictions with a minimum of 2 years' relevant hands-on experience in Hong Kong; or

3

At least 10 years of overall relevant hands-on trust experience outside Hong Kong, plus have been awarded the TEP STEP designation, plus have undertaken Unit 6 (Trusts and Compliance) of the HKTA TTC course; or

4

You have a law degree specialising in trusts and have at least 2 years relevant hands-on experience in the trust industry and you have undertaken Unit 6 (Trusts and Compliance) of the HKTA TTC course; or

5

You have 7 years relevant hands on experience in the trust industry and you have undertaken and have successfully passed all of Part A units of the HKTA TTC course including the Part A examination; or

6

You have at least 5 years relevant hands-on experience in the trust industry, have successfully undertaken all units of Part A of the HKTA TTC course and passed the Part A examination and you have lectured on at least two topics in Part B of the HKTA TTC course and have achieved a satisfactory lecturer rating by students.

Requirement 3

You will need at least 3 referees to support your application.

1

Two referees must be provided by HKTA members who are CTPs and who are familiar with and can attest to your experience. A list of CTPs is available on the HKTA website.

2

The third referee should be a senior person (director/CEO) from your work organization who is familiar with your experience and job role and can attest to your relevant hands-on experience. As the new registration process for TCSP's is already in place, the reference from your workplace must be provided by or endorsed by one of the directors who is recorded as fit and proper on the TCSP registration for your organization.

Please note that if your hands-on experience under Requirement 2 has been completed with different employers, you will need to obtain additional references from your previous employers sufficient to cover the required length of experience.

Requirement 4

You must be an individual member of the HKTA.

Professional Development

HKTA individual members who are Certified Trust Practitioners (CTPs) are required, during a calendar year, to obtain a total of 6 CPD points on trust related topics for the purpose of annual renewal of CTP certificate. Each CPD year start from 1 January to 31 December. All newly approved CTPs are required to fulfil their CPD hours in the following calendar year.

For example - CTPs who are approved in 2025, they are required to complete the 6 CPD points by the end of 2026. No CPD points can be carried forward to the next calendar year.

The Professional Development and Training Sub-Committee will consider granting CPD points for seminars organised by other organisations on a case-by-case basis.

All CTPs are obligated to keep records (e.g. attendance certificates or other documentary evidences) about completion of the seminars/ conference. These records may be required to be produced for the purpose of verification of CPD hours acquired. All CTPs are required to submit declaration form to the HKTA Secretariat by end of January each year to confirm the CPD points they acquired from previous calendar year for the purpose of CTP certificate renewal.

For CTPs who fail to fulfil the outstanding CPD points by end of the grace period (i.e. end of March of the following year); or who provide misleading, incorrect or false information, such incidents will be reported to the Executive Committee. Their CTP certificates may be cancelled.
